

Gold Medal - 8048D Corn Dog Fryer

The original purpose for the fryer was for Corn Dogs. Many people fry specialty fun foods such as Corn Dogs, Cheese Dogs, Shrimp Rolls, Fried Veggies or even a Funnel Cake or two.

Skewer clip assembly is "spring loaded" and can be quickly removed. Fryer basket is available for Bacon Puffs. Even small fryers hold over 30 lbs. of oil; therefore, drains are an absolute necessity for safe operations. Fryers without drains are being discontinued.
